2. The following is an examiner's statement of reasons for allowance: The art of record considered as a whole alone or in combination neither anticipates nor renders obvious, a reversible ratchet wrench comprising an annular cover rotatably mounted on the head portion of the wrench body for preventing the ratchet wheel from escaping out of the hole of the wrench body, wherein the annular cover has a driving member contactable to the pawl for driving the pawl to move to a position where the ratchet wheel can be forced to turn clockwise or counterclockwise, together in combination with the rest of the limitations set forth in the dependent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
